

## Students Daily Diary

Student Name: Aryan Dhasmana

UID: 23BCB00081

Program: BE CSE CSBS

Semester & Section: III 23CBS121B

Name of Departmental Social Internship Coordinator: Yograj Bhat

Week / Day : 3/5	Date / Day : 21/06/2024 Friday
Time of arrival : -	Time of departure : 3:00 PM
Objective of activity / visit: Conclude and consolidate the information collected	Outcome of the activity / visit: Consolidated and concluded the research on PMUY

### Major points of the day:

This week has been an eye opening journey into the realities of Ujjwala Yojana. While the program has undoubtedly improved lives by providing cleaner cooking fuel, there's room for improvement to ensure it reaches full potential.

The switch to LPG has demonstrably improved the health of many residents, particularly women, by reducing exposure to harmful flames. Moreover the efficiency saves a lot of valuable time for the villagers.

Though the lack of proper roads makes consistent gas delivery a challenge.

Firewood remains essential for tasks beyond cooking highlighting the need for more comprehensive solution.

The highly terrain and heavy weight make it difficult for many elderly residents to transport gas back home.

Thus by acknowledging both successes and challenges we can work towards a more effective implementation of PMUY in this village.
